***(AGE AS OF 12/31/2014)***

**\$1.24 million project will renovate Todd Stadium's Track. June 06, 2011|By Kevin Allen**

Tom Root, vice president of Precision Sports Surfaces and project manager of the track's installation, said he expects the new track surface to be one of the best in Hampton Roads, and perhaps make Todd the most sought-after venue for future high school and college track meets. When the track was originally built, Root said, the construction technology that exists now didn't exist back then. In addition, he said the track itself will be of the same surface material that is used in Olympic-Caliber venues. **Newly Completed in October 2011**

*"I find this surface to be both fast and easy on my legs. I feel that out of all the tracks which I have competed on that the Rekortan tracks are the best, both for training and competition that I have run on in my career."* **Michael Johnson World Record Holder**
